

Editorial policy

The purpose of this report is to communicate the roles and responsibilities of Tokyo Electron Limited (TEL) in promoting a sustainable society and specific activities toward achieving this goal.

In this year's report, we have made some improvements to the substance and structure of the content. Stakeholders can now get a better and broader understanding of our commitment to solve social issues through business operations as well as our efforts to enhance our medium- to long-term corporate value. In addition, we clearly explain the issues that are material for us and their connection with social issues, our business environment, our medium-term management plan, and risks and opportunities. We have also established annual goals to serve as indicators to evaluate our progress toward the medium-term goals of each material issue. To find out more, please visit our website.
